IDNR Navigable Waterways (Roster of Waterways)

4-B-2 Navigable Waterways:

The Department has prepared a roster of waterways in the State which have been deemed navigable. The roster was printed as a nonrule policy document in the Indiana Register, Volume 15, Number 10, (15 IR 2385) on July 1, 1992 under the title "Natural Resources Commission, Information Bulletin #3, Roster of Indiana Waterways Declared Navigable". The roster is not dispositive of whether or not a waterway is navigable, but is a listing of waterways where sufficient evidence exists to recognize them as such. Information regarding the Department's investigation may be obtained by contacting:
